

Bulletin #2007-003 7 – March - 2007

Subject:

Acceptability of SFI 16.5 harnesses in Rally America competition

Overview:

Effective immediately, Article 5.3.B is updated to also allow harnesses that are SFI 16.5 licensed.

The expiry period for SFI 16.5 harnesses is two years.

Rationale:

Rally America will adopt new safety standards as they become available. SFI 16.5 is a more advanced harness standard that has higher strength requirements, has only one adjuster on the lap belt, and allows 2" HANS straps.

Questions regarding this bulletin received by Rally America from licensed Drivers and Co-Drivers will be answered in writing.
